©Previously Unstarred Question 846, transferred from the 1st March, 1988.

THE MINISTER OF STATE THE MINISTRY OF URBAN DEV, LOPMENT (SHRI DALBIR SINGH) (a) Yes, Sir.

(b) The matter is under examination.

Underground railway system for Delhi

£1658. SHRI V. NARAYANASAMY: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) whether it is a fact that the Railway Reforms Committee recommended for underground railway system for Delhi and some other cities in its 12th report on metropolitan transport;

(b) whether Government have accepted the report and propose to implement the recommendation relating to Delhi; and

(c) if so, what is the stage of underground railway system for Delhi?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT (SHRI DALBIR SrNGH) (a) Yes, Sir.

(b) and (c) Construction of underground corridor for Delhi was not favoured as these are highly capital intensive. However, a Task Force, set up by the Ministry of Urban Development to evaluate different modes of Mass Rapid Transport System to meet the growing needs of the capital, recommended in September, 1987 amongst other things, introduction of a MRTS on the 36 Kms. long East-West corridor because the traffic den-sitv is highest on this corridor. The MRTS would be partly on the surface, partly elevated and partly underground. The recommendations of the Task Force are under the consideration of the Government.
